As an internationally active group of certification bodies, Easy-cert group AG offers companies certification services in a wide range of national and international standards for organic farming and processing of organic food, eco-textiles, as well as various sustainability standards. More information can be found on our website at www.easy-cert-group.com. For our company, Bio Garantie d.o.o. in Croatia, we are looking for a person (m/f) for full-time (40 hours per week) for the international department as soon as possible.

To further expand our growing team, we are looking for a full-time,

Auditor/Evaluator in the Field of Climate Protection (m/f/d) for the International Department

Main responsibilities:

- Validation and evaluation of projects in the field of climate and environmental protection, with a particular focus on carbon sink projects;
- Planning and conducting verification/evaluation of internationally recognized projects;
- Preparation of high-quality reports and provision of feedback to clients and partners, including verification of the implementation of corrective measures;
- Conducting audits, on-site or remotely, including interviews with various system stakeholders to ensure project implementation aligns with the reported data;
- Identification and assessment of risks related to material inaccuracies and deficiencies in submitted data;
- Verification and timely familiarization with relevant standards and applicable ISO norms.

What we expect:

- University degree and professional experience in the field of climate and environmental protection;
- Practical knowledge of sustainable forestry/agriculture or biochar production;
- Knowledge of life cycle assessment (LCA) is an advantage;
- Experience with sustainability certification systems, ideally as an auditor or evaluator (preferred but not required);
- Experience with climate protection projects (emission reduction/removal) under recognized international standards (e.g. Gold Standard, Verra VCS, Puro) is an advantage but not required;
- Precise, structured, and detail-oriented working style;
- Willingness and ability to travel within Europe and beyond;
- Excellent command of both German and English;
- Strong teamwork skills and a respectful, trustworthy approach to colleagues and clients.

What we offer:

- The opportunity to work for one of the world's leading certification bodies in an international environment with around 40 partners worldwide;
- The chance to make a direct contribution and impact in the field of environmental and climate protection;
- A modern IT environment;
- Comprehensive onboarding and structured training;
- Competitive compensation, reimbursement of travel expenses for office work, and additional benefits;
- Flexible working conditions – a combination of office and remote work; preferred location is our office in Čakovec, but this is not mandatory.

Interested?

Send your application (motivation letter and CV) in German and English by November 10, 2025 to marija.savora@ceres-cert.de

We are also happy to answer any questions via email or phone at **+385 99 306 2488 (Marko)**.

We look forward to receiving your application!
